

STATE OF CALIFORNIA  
**GOVERNOR'S MILITARY COUNCIL**  
HON. ELLEN TAUSCHER, CHAIR

EDMUND G. BROWN, JR.  
GOVERNOR

September 25, 2014

The Honorable Michael Huerta  
Administrator, AOA-1  
Federal Aviation Administration  
800 Independence Ave., SW  
Washington, DC 20591

Mr. James Williams  
Manager, Federal Aviation Administration  
Flight Standards Service  
Unmanned Aircraft Systems Integration Office  
490 L'Enfant Plaza, Suite 3200  
Washington, DC 20024

Dear Secretary Huerta and Mr. Williams:

On behalf of California Governor Brown, we serve on the Governor's Military Council to support military, national security and aerospace operations in California. Our bipartisan group, comprised of retired flag officers, civic leaders and state legislators, works to support public policy that advances national and state goals for these sectors, and to strengthen California's support for military operations in our state.

We are writing to express support for the UAS-INSIGHT team's application to be designated as the Center of Excellence for Unmanned Aircraft Systems (UAS). Four California universities have joined with 25 academic research institutions from 13 states to explore the safe integration of UAS into the National Airspace. This academic team is co-led by the University of California, Berkeley and the University of Maryland, and in partnership with leading industry is eminently prepared to examine some of the most challenging issues surrounding this process.

California has a long history of innovation in the aerospace industry, and remains at the forefront of UAS technology development. Researchers at its institutions have pioneered many new uses of UAS from precision agriculture to firefighting, and demonstrated industry leaders have agreed to join this team in its effort. Furthermore, as the established center of gravity for military UAS research, California's industry and academic institutions have decades of experience in developing and testing these systems and their applications.

The UAS-INSIGHT team's proposal will leverage the collaborative strengths of higher education, industry, and government to develop deployable solutions that increase the safety, efficiency, reliability, and security of our national airspace transportation networks. Its diverse

constituency and program will bring together researchers on key issues, critical technologies, and public policy and law, enabling researchers to develop and promote operational strategies to mitigate the increasing congestion and safety concerns of our nation's airspace. It will also give the FAA the best opportunity to understand the training requirements, operational specifications, and technology considerations that are key to the safe use of UAS. The team's bi-coastal leadership and participation from universities nation-wide will ensure that it is effectively able to coordinate well with all test sites, and to explore the full climatic and operational range of the National Airspace.

We strongly believe that there is no team better poised to achieve the FAA's important goal of safely integrating UAS into the national airspace, and urge you to select UAS-INSIGHT as the UAS Center of Excellence. We look forward to future progress on this critical issue.

Sincerely,

Members of the Governor's Military Council

Honorable Ellen O. Tauscher  
Chair, Governor's Military Council

Alice Astafan  
Major General, United States Air Force (Ret.)

David S. Baldwin  
Major General, United States Army  
Adjutant General, California Military Department

Thomas R. Berard  
Senior Executive, Department of the Air Force (Ret.)

Jody Breckenridge  
Vice Admiral, United States Coast Guard (Ret.)

Rocky Chavez  
Assemblymember, 76th Assembly District  
Colonel, United States Marine Corps (Ret.)

Honorable Philip E. Coyle III

Joseph A. Czyzyk  
Chairman and CEO, Mercury Air Group

Charles A. Giacchi  
Senior Executive, Department of the Navy (Ret.)

Edward Hanlon  
Lt. General, United States Marine Corps (Ret.)

Anthony Jackson  
Director, Department of Parks and Recreation  
Major General, United States Marine Corps (Ret.)

James Johnson  
Rear Admiral, United States Navy (Ret.)

Dennis Kenneally  
Major General, United States Army (Ret.)

Stephen Knight  
State Senator, 21st Senate District

Dr. Mary E. Lyons  
President, University of San Diego

Henry Mauz  
Admiral, United States Navy (Ret.)

Benjamin Montoya  
Rear Admiral, United States Navy (Ret.)

Al Muratsuchi  
Assemblymember, 66th Assembly District

**Daniel Oliver**  
Vice Admiral, United States Navy (Ret.)

**Richard Roth**  
State Senator, 31st Senate District  
Major General, United States Air Force (Ret.)

**Eugene Tattini**  
Lieutenant General, United States Air Force (Ret.)
