

STATE OF CALIFORNIA  
GOVERNOR'S MILITARY COUNCIL  
HON. ELLEN TAUSCHER, CHAIR

EDMUND G. BROWN, JR.  
GOVERNOR

3 June, 2015

California Congressional Delegation:

On behalf of California Governor Edmund G. Brown Jr., we serve on the Governor's Military Council to support military, national security and aerospace operations in California. Our bipartisan group, comprised of retired flag officers, civic leaders and state legislators, works to underscore the unique national security value of California installations. We also work with state leaders to strengthen California's support for military operations in our state.

We write to request your support in eliminating impending budget cuts to our military, known as sequestration. We do so in the midst of troubling world events that threaten our national security, requiring a defense budget that reflects these concerns.

Defense strategy must drive defense budgets. Today's heightened national security threats did not exist in 2011 when the Balanced Budget Act's sequestration was passed. Unfortunately, since then sequestration has loomed over our military leaders each year, constraining strategic efforts and technological development, while diminishing our military's capabilities. Former Commander of U.S. Central Command, General James Mattis explained at a January congressional hearing that: "no foe in the field can wreak such havoc on our security that mindless sequestration is achieving." In addition, each one of the Joint Chiefs of Staff have testified to Congress that sequestration would mean the U.S. would be unable to execute its National Military Strategy.

We appreciate that Congress must exercise fiscal prudence, ensuring that taxpayer dollars are spent wisely by promoting efficiencies and weeding out waste. We believe that this fiscal oversight can be accomplished without automatic cuts to our national defense through sequestration. We urge Congress to immediately find a solution to sequestration.

We look forward to working with you to support our men and women in uniform.
